

Frays Dental Education (FDE) is an accredited course provider for the **NEBDN Diploma in Dental Nursing**.

Our courses are based in a state-of-the-art private dental practice, which provides students with access to all clinical resources such as a decontamination room, a full range of dental materials, X-ray developing equipment...in fact all the resources you would expect in a fully functioning dental practice.

Why study with FDE?

1. Completion of record of experience and clinical training

We will provide the support you need to become a registered dental nurse.

To ensure that you gain the experience required to move your career on to the next level, our courses are geared towards those skills which we believe will make you stand out as trainee nurse.

2. Employability level after qualification

We follow up with our students post-qualification.

Examples of career progression for our graduates include working in a specialist practice, teaching, post-qualification specialist training, and entry to a dentistry course at University.

3. Qualification and experience of our team

Our team has wide-ranging teaching experience.

Our tutors have taught nurses and post-graduate dentists and most either have, or still are, studying for specialist adult teaching qualifications.

Fees

Fees are currently under review - please contact us for further information.
