

Foundation Course in Dental Nursing: Boost Your Career Prospects!

What you'll gain:

- **Solid foundation:** This course covers core dental nursing requirements, preparing you for further study or a dental nursing career.
- **Interactive learning:** Learn through a mix of lectures, practical sessions, and guest speakers, all within a clinical environment.
- **Essential certifications:** Gain external certifications in Radiography, Safeguarding, Health & Safety, Infection Control, and Medical Emergencies.
- **Broad knowledge:** Explore key topics like:
 - Dental Council regulations and professional standards
 - Decontamination and infection control
 - Dental charting
 - Instruments and equipment
 - Dental procedures (caries & restorations, endodontics & periodontics, prosthodontics, extractions & surgery)
 - Medical emergencies
 - Radiography

Why take this course?

- **Explore dental nursing:** Get a taste of the profession before committing to a full program.
- **Stand out in interviews:** Gain valuable experience and knowledge to answer interview questions confidently.
- **Demonstrate commitment:** Show you're enrolled in the foundation course and preparing for the diploma.
- **Cost-effective:** Invest significantly less than the full diploma while gaining valuable skills.
- **Enhance your application:** Ideal for those pursuing dental degrees (dentistry or hygiene-therapy). This course provides valuable experience and insight into the dental field, potentially strengthening your UCAS application and interview performance.

How to learn more and discuss your options?

We invite you to schedule a complimentary one-on-one advisory session with our team. We can answer your questions, discuss your goals, and advise you on whether this foundation course is the right fit for you on your path to becoming a dental nurse.

Key takeaways:

- This foundation course provides a solid introduction to dental nursing.
- Gain valuable certifications and knowledge through an interactive learning environment.
- Enhance your career prospects in dentistry.

Fees:

- £200 per Calendar Month (PCM) for 4 Months
